A rare find located only 5 minutes from downtown Edson! This beautiful acreage features a huge 40 x 70' heated shop wired 220 with 20 x 14 door on concrete with a separate driveway from the 4 bedroom, 2 bathroom bi-level home on 1.55 acres. The shop has an oversized door, 2 piece washroom, floor drain, lean-to, and solid yard with a new 2000 gallon septic holding tank that was installed 3 years ago. The main floor of the home has a large kitchen and dining room, sunken living room with vaulted ceiling and hardwood flooring, primary bedroom with attached laundry room entering into the ensuite, and a 2 piece bathroom. The basement has 3 bedrooms, lots of storage space, rec. room, utility area and a cold storage room. There is a wrap around deck with dog run and natural gas bbq hook up. 3 storage sheds stay and there is a water well for home but water must be hauled in for the shop. A wonderful place to live and also an excellent investment opportunity if you want to rent out the shop and/or home!
