Exclusive, fully renovated executive home with extensive custom features, materials, and details. Truly a gem. It's modern, elegant, and luxurious, with its own distinctive style, and was designed so that every floor has a wow. Enter through an oversized pivot door, opening to soaring ceilings in the foyer. On your right is the living room with vaulted ceilings and LED lighting. A 3-sided fireplace provides ambience and warmth. How about a main floor office? There is one off the living room with glass doors for privacy. This bright room, overlooking the park, could also be a private dining room. Forward to a large dining/kitchen. 9' ceilings and full-sized granite island with seating for up to five people. It even has a wine fridge! In the dining section, there's a 16' custom hutch with a wine rack. Don't miss the hidden pantry with its full-height cupboards and oversized fridge. The home's custom cabinetry includes plenty of full-height cupboards and 18 drawers in the kitchen/dining area, plus another 8 in the hidden pantry. Let's not forget the spacious mudroom with benches on two sides and a closet in the middle. You will love the heated tile that stretches through to the main-floor bathroom. We've added a full-sized shower—for your pet or for you to use when you come in from the gardens. Upstairs features a generous-sized primary suite. I should also mention the park and garden views from the windows and balcony. An ensuite features a walk-in closet to the right and to the left, soaker tub, large shower and private water closet. The ensuite, as well as the 2nd full bathroom, have heated flooring and double sinks. There are two additional bedrooms and a laundry room with a door leading to a balcony. From here, you see a beautiful mountain view! The basement features a wine room (formerly a cold room), an amazing movie room with an 87" TV and sound system

(included), games room with wet bar, fridge, and dishwasher, spacious bedroom with a semi-private 3-piece bathroom and large storage room. Back upstairs, step outside the kitchen onto a large deck. We've added a gas hookup for barbequing. Around the side is a shed built to resemble a pool house - sorry, no pool! This insulated building has large windows, modern lighting and a skylight. There's just so much more. The home has several mature trees and gardens and an in-ground sprinkler system. Located in an upscale, mature area, several top-rated schools, Southland Leisure Centre, South Glenmore Park, Heritage Park, shopping centres, and all kinds of services are nearby. There is also easy access to Calgary's new ring road and the Southwest BRT! Contact your real estate agent for a private viewing.
